

Because  
**THERE IS**  
A DIFFERENCE

## *Job Opportunity*

# CAD Drafter / CAD Technician / CAD Operator

### Location:

Fairfield, Maine

### Job Status:

Full Time

### Description

- Experience preferred.
- Work closely with senior design engineers to develop construction drawings for concrete, steel, masonry, site work and architecture using AutoCAD.
- Review and interpret engineer specifications.
- Demonstrate an understanding of IBC and other codes in solving design challenges.
- Prepare complex drawings, such as conceptual presentation drawings which meet sales requirements, floor plan layouts, stair drawings, fabrication drawings and site plans.
- Develop material takeoffs.
- Maintain project drawing files, drawing library, associated records, transmittals and documentation.
- Develop and maintain a clear set of AutoCAD standards.
- Perform other related duties as required.

### Qualifications

- High School Diploma or equivalent experience required.
- Associates Degree preferred with one year AutoCAD experience, or AutoCAD certification, with two years of demonstrated success in the functions outlined in the above job responsibilities.
- Highly proficient in AutoCAD (experience with 3D platforms a plus).
- Strong math skills including geometry and trigonometry.
- Ability to work in a fast paced design-build construction environment.
- Ability to produce accurate work with attention to detail on time and within budget.
- Team oriented and willing to put in the time and effort necessary to see a project through to successful completion.
- Proficient in MS Office programs.
- Proficient in reading and understanding architectural, civil structural drawings and specifications.

As a full-time employee you will qualify for health insurance, medical, disability, life insurances, and a 401k retirement plan with employer matching, competitive wages, paid vacation and holidays.
