Project Size

Varying

In the early 1990's, Walmart began their expansion into Maine. The Sheridan Corporation was selected to be the General Contractor for several Walmart locations throughout the state.

Initial locations include: Augusta, Calas, Ellsworth, Houlton, Presque Isle, Waterville, and Windham.

Following the construction of these locations, Sheridan had then been chosen to expand locations in Brewer, Farmington, and Presque Isle.

Building on our promise.
