

Sheridan
Construction

Hammond Lumber

Portland, Maine

Client Name

Hammond Lumber

Delivery Method

Construction Manager

Designer

Chris Walsh & Company

Project size

43,600 sf

On the corner of Riverside Street, and Warren Avenue in Portland, Maine. Sheridan Construction has built a 43,600-square-foot drive through warehouse.

This facility features mezzanines, office space, and steel framed storage bins for lumber.

Sheridan has also constructed a 16,300-square-foot retail store. The state-of-the-art buildings are Hammond Lumber's eighth Maine location.

Building on our promise.
