Ambulance Dispatch

Mexico, Maine

Client Name

Med-Care Ambulance

Delivery Method

Design-Build

Designer

Sheridan Construction

Project Size

11,800 sf

In Mexico, Maine, Sheridan Construction has constructed a new hybrid facility consisting of a wood-framed office area & conventional steel ambulance bay.

Sheridan Construction takes great pride in the difference we are able to make within communities throughout Maine. The Med-Care Ambulance facility will enhance the availability of healthcare within the community, and leave a long lasting impression on the community of Mexico, Maine.

Building on our promise.
