

**Sheridan**  
Construction

# Thomas College

Sukeforth Family Sports Center

## Project Location

Waterville, Maine

## Delivery Method

Construction Manager

## Designer

SMRT

## Project Size

18,000 sf

Sheridan Construction was selected as the Construction Manager for the new Thomas College Sukeforth Family Sports Center. Sheridan worked closely with the SMRT design team throughout the duration of the project to provide constructability insight and value engineering options.

This unique design shape allows clear views of both synthetic turf fields on campus (Constructed by Sheridan in 2013).

Construction assemblies consisted of structural steel, load bearing CMU, precast concrete plank, light gauge metal framing, and curtain wall.

This project includes home and away locker rooms, Trainer Room, Strength Training, Team meeting space, Conference rooms for Athletic Staff, and a new E-Sports facility.

**Building on our promise.**
